

1/6 Silvermaple ROBINA QLD

3 2 2

Architecturally designed, detailed and craftsman built, this duplex is more like an individual house as there are no common walls with your neighbour and no body corporate. This three bedroom plus study nook home features a lavish kitchen complete with a colour integrated dishwasher, large five burner gas stove, ducted stainless steel canopy range hood and granite tops. Quality bathrooms reserved for more expensive homes complete the quality inclusions throughout the home.

Low maintenance gardens with black pavers and polished stones flow out from the covered outdoor entertaining areas with power and gas fittings for your Barbie. Other features include back to base security, Robin Hood Ironing centre, Vacuumaid, air conditioning, Luxaflex blinds with blackout, huge ensuite with large spa, double glazed windows, surge arrestor, and close to all facilities.
