AFFORDABLE LIVING IN ROBINA

This spacious, light and bright, single level villa in a small gated community of only 12 is a rare find indeed. Offering very large living areas, modern kitchen with granite benchtops, 3 bedrooms, 2 bathrooms and double lock up garage with internal access. A north facing paved outdoor entertaining area is off the dining/living area. A garden shed is tucked neatly into the corner of the garden and the garden beds are raised for very low maintenance. The fully fenced yard is great for children to play, and is pet friendly too. This small complex also has a pool yet still has a moderate Body Corp.
